

WHEREAS Project Connect and Austin Transit Partnership values community input particularly highly and

WHEREAS in determining the scope of the Project Connect environmental impact statement (EIS), Austin Transit Partnership engaged with more than 2,000 people at public events and received over 3,800 comments

WHEREAS ATP did an unusually careful job of analyzing and evaluating public comments

BE IT RESOLVED that the Project Connect Community Advisory Committee commends Austin Transit Partnership staff for the superior job they have done in community outreach to determine the scope of the environmental impact statement and looks forward to the job they will do in collecting feedback on the EIS when it is released for public comment.
